Ron Scott, Zone 5 Director
Andre Melanson, Zone 6 Director
Tim Bamford, Zone 7 Director
Brad Mann, Past President (via phone)
Ralph McBride, Executive Director
Kyle Good, Trail Manager

Meeting called to order at 1840 by Andre Y.

He handed the meeting over to Tim to discuss the ASK brought to the Board from Grand Lake Snow-Cruisers, #70. They currently have 268 approx kilometers of trail, which qualifies them for 2 groomer/GPS units. However, a bridge that is maintained by DTI that they use to cross a river has been deemed not safe for the groomer to cross, which causes a break on Provincial Trail #15. To groom on both sides of the river, they would have to float the groomer each time they groom that trail, which is very expensive. They would like to ask permission to buy a 3rd groomer with a GPS unit so that they would have a groomer stationed on each side of the river so the trails are groomed. They put in a conditional offer to Nepisiquit Sport Lodge to buy their 2006 New Holland SurTrac Groomer for \$35,000 and are seeking board approval to have the sale go through.

Motion made by Tim, seconded by Andre M:

Be it moved that; Grand Lake Snow-Cruisers Inc be allowed to purchase a used 2006 New Holland SurTrac Groomer from Nepisiquit Sports Lodge for \$35,000. This groomer will not be added to the funded list at this time but will have a GPS to record grooming hours.

Motion passed. Note: Tim and Ron did not vote on this motion due to it involving both their zones.

Actions to be taken from the motion: Tim will verbally let his club know the news and Janice will write up a letter to send to the Club to officially let them know.

Meeting adjourned @ 1904 by Andre M
