

Please be advised that due to the freeze-up of the waters in the Saint John River, Kennebecasis River and Mactaquac Head Pond multiple buoys could not be retrieved

Due to the freeze-up of the waters in and around Bathurst Harbour, three buoys (EP61, EP63, EP65) could not be retrieved.

Persons travelling over ice in these area should use caution as the buoys may not be visible due to winter conditions.

Please take appropriate action to notify residents in the area who may be using the ice for any purpose.
